🌐 arkanatech.tech

🇺🇸 FAA Part 107 Certified

PROFESSIONAL SUMMARY

AI Solutions Architect with over 10 years of experience in institutional data management, no-code/low-code automation, and AI agent development. Specialized in building production-grade chatbots and voicebots using n8n, Flowise, and Docker. Founder of Arkana Tech, with proven track record reducing manual workflows by 70% and increasing conversions by 200% for home services and automotive clients. FAA Part 107 Certified for commercial drone operations.

PROFESSIONAL EXPERIENCE

AI Solutions Architect & Founder

2023 – Present

Arkana Tech (Remote) | Nashville, TN

- Designed and implemented 15+ AI automation solutions using n8n (self-hosted Docker) and Flowise
- Developed conversational AI agents integrated with WhatsApp Business API, Telegram, and web interfaces
- Implemented RAG (Retrieval-Augmented Generation) architectures with Pinecone for semantic document search
- Reduced manual workflows by 70% for SMB clients, generating average savings of \$50k/year
- Vibe coding with Lovable and Bolt for rapid MVP development and internal tools

ICQA Teammate (Inventory Control)

2022 – Present

Under Armour | Nashville, TN

- Executed inventory audits and exception management for high-volume distribution center
- Maintained 99.2% accuracy in critical inventory (50,000+ SKUs)
- Automated daily reporting using Python scripts, reducing prep time by 40%

Associate Professor

2018 – 2020

Pontificia Javeriana University | Bogotá, Colombia

- Designed curriculum for Data Visualization, Research Seminar, and Information Unit Management
- Trained 200+ students annually in research methodologies and data management
- Coordinator of research group "Information Science, Culture, and Society"

Institutional Repository Manager

2015 – 2020

Universidad Distrital FJC | Bogotá, Colombia

- Managed DSpace institutional repository: 25,000+ users, 15,000+ digital assets
- Optimized workflows reducing content ingestion time by 40%
